1995 NAEHE ANNUAL SESSION

DALLAS, TEXAS

Dianne Lennon, New Jersey presided over the 61st annual session.

CONFERENCE THEME: "DIVERSITY EMPOWERS FAMILIES"

The 1995 Annual Session reflects the by-law change which changed the name of the Association from the National Association of Extension Home Economists to National Extension Association of Family and Consumer Sciences.

This year also reflects the change in Honorary membership to that of Life Member. All current Honorary members will be grand-fathered into Life Membership.

The board voted to have the Historian begin the process of micro-filming all history records. This action is a change from the bound paper records from the past. The reason being to have less volume of materials to transport and to begin up grading in keeping with technology changes.

Preparations for the Galaxy Summit were gathering momentum as committees were busy with preparation for the 1997 event.

Registration totaled 1072.

The 1995 NAEHE ANNUAL OBJECTIVES WERE AS FOLLOWS:

- To understand the implications of living in a multi cultural society.
- To expand knowledge concerning physical and social changes impacting diverse families.
- To expand skills to strengthen personal and professional development.

The Friendship event was held at the Texas State Fair on Monday evening. There were many opportunities to enjoy the Fair atmosphere. States night out was planned for Tuesday night, followed by the Presidents Reception.
