Conference Workshops at
our 2017 National Meeting

Hilton Omaha & Convention
Center
1001 Cass St, Omaha, NE
October 16, 2017
8:00 AM - 11:30 AM

BAKE TO BUILD STEAM IN FAMILIES, COMMUNITIES AND SCHOOLS

Presented by: Home Baking Association
Member - \$100 / Non-Member - \$115

Baking is the perfect ground for FCS educators to plant seeds for adult, youth and community growth in science, tech, engineering, art and math (STEAM).

FCS professionals will take away ready-to-use resources for media, adult and youth training, and events.

Experience how baking can also be portable for classrooms, clubs or camps with 5-minute or longer table-top measure, mix, shape and bake activities.

Come ready to interact with demos and speakers from HBA's member test kitchens, commodity researchers and staff professionals.

TIPS & TRICKS FOR USING A MOBILE DEVICE FOR SMART EXTENSION PROGRAMMING, PROMOTION, AND MARKETING

Presented by: Nebraska Extension Educators
Alice Henneman MS, RDN, Kalya Colgrove MS,
RDN, Lisa Franzen-Castle PhD RD, Amy
Peterson MS, RDN, Cami Wells MS, RD
Member - \$85 / Non-Member - \$100

This hands-on session will cover effective methods for using your mobile device in programming, promotion, and marketing.

Topics include (but are not limited to):
(1) taking and editing fantastic photos,
(2) making movies,
(3) live presentations,
(4) social media
(5) collecting feedback/evaluation data at a workshop.

Whether you consider yourself a beginner, intermediate, or advanced, there will be something for all levels.

READY, SET, GROW: CHANGING LIVES FROM BIRTH ONWARD

Presented by: Dr. Samuel J. Meisels, Executive Director of the Buffett Early Childhood Institute at the University of NE & Dr. Michelle Rupiper, an Associate Professor of Practice and Assistant Department Chair for Child, Youth & Family Studies at the University of NE-Lincoln.
Member - \$85 / Non-Member - \$100

Dr. Meisels presentation will include: New research concerning the impact of multiple risk factors on young children's development, including how parents interact with their children and the effects of poverty, makes it more important than ever to develop and evaluate new models of intervention.

Dr Rupiper's presentation will explore the core considerations of developmentally appropriate practice. Participants will take away from this session strategies to implement to support children's growth and development.
