Celebrate 85 Years of NEAFCS!

FRIEND OF NEAFCS

This award was presented by President Karen Munden at the 2019 NEAFCS Annual Session Opening General Session.

Syble Solomon

Syble Solomon is the creator of the money personality profile called Money Habitudes and she is a popular speaker on the psychology of money. Her mission has always been to empower people to discover how they can make today and every day special and take responsibility for creating the future they aspire to have for themselves and their loved ones.

Money Habitudes have been used by hundreds of thousands of youth and adults throughout the United States and internationally. She hoped that this simple tool would start conversations about money and provide people with insights to help them manage their money better. It came as a complete surprise to her when people would tell her playing Money Habitudes literally changed their lives, saved their marriage and gave them a new perspective so they finally could manage their money successfully.

NEAFCS HALL OF FAME
