- Recruit more new members

What challenges do Cooperative Extension and/or Family & Consumer Sciences pose in your state?

Many of our FCHS agents are higher ranked and have higher salaries which ties up funds for new positions.

To assist NEAFCS in future planning and communication, please list concerns your Affiliate has for the NEAFCS Board to address:

We are always interested in seeing an increase in the diversity of membership at NEAFCS – to include more men and people of color. Additionally, for example - as the number of male members increases, we should also consider the culture of NEAFCS which has traditionally had a primarily female base as it relates to our language and outreach.
