**What are your Affiliate's goals for the next 12 months?**

Our goals are to have more people apply for awards to showcase the amazing work they do around our state. We hope to have our new members want to be more involved in our association and step up to serve in leadership roles.

**What challenges do Cooperative Extension and/or Family & Consumer Sciences face in your state?**

Funding is always an issue that is faced, however we seem to be having a huge turn over in our state I extension and FCS agents. It has been a challenge in the last two years that I have served this organization in the capacity of President to get members engaged. It has been a very frustrating battle. They join the organization, but to get them to step up and serve in leadership roles or attend meetings etc. is a struggle.

**To assist NEAFCS in future planning and communication, please list concerns your Affiliate has for the NEAFCS Board to address:**

I honestly don't know of anything to pass on for the board to address.
