**What are your Affiliate's goals for the next 12 months?**

Continue to improve the TEAFCS website to make it more interactive and user friendly to allow all members to renew online and stay abreast of current association information.

Continue to offer Award submission workshops to provide instruction and assistance to agents who apply and submit award winning programs.

**What challenges do Cooperative Extension and/or Family & Consumer Sciences face in your state?**

There are fewer college graduates seeking degrees in areas of Family and Consumer Sciences, resulting in a smaller candidate pool for open positions.

**To assist NEAFCS in future planning and communication, please list concerns your Affiliate has for the NEAFCS Board to address:**

We have no concerns at this time. We are pleased with the changes the national board and office has implemented with scholarships and awards. Also, there has been substantial increase with communication at the national level.
