

### **Awards Reminders**

*Julie Garden-Robinson (ND), Vice President for Awards and Recognition*

Awards season is heating up, and the national due date for award submission is March 16, 2020. To recap my December reminder, the committee and sponsors made several updates to awards, including the Financial Management Award, the Past President's New Professional Award, and the Educational Curriculum Package Award. We also have a new award opportunity: the Extension Disaster Education Award.

Special thanks go to our committee members for providing a webinar. Check out the article by Judy Corbus, NEAFCS Awards & Recognition Training Subcommittee with tips about preparing an award application. My best advice is to read and follow the application criteria carefully.

Best wishes for a healthy and happy new year! If you have questions or comments, please share it with me at my contact information noted below.
