Tahlequah, OK 74464

Dear Cleo,

At the NAEHE Annual Meeting in New York, you requested a history of the California Association of Extension Home Economists. CAEHE organized and became affiliated with the NAEHE in 1974. Fifteen Home Economists were chartered members. In addition, three State Specialist became associate members with non-voting rights. In 1982, Associate Members were given the right to vote and be officers except President and be committee chairs. The first Associate Award was given in 1983. CAEHE currently has 39 active members; 8 associate; and 21 honorary members. This is about 74% of academic appointments with a home economics degree.

If you need more specifics such as names, etc., please let me know.

Sincerely,

Jeanne George
